

Green Grass Grows All Around

(Please note that the call and response can be done in your classes. We will choose who is call and who is response on the day.)

Call: There was a tree
Response: There was a tree
Call: All in the wood
Response: All in the wood
Call: The prettiest tree
Response: The prettiest tree
Call: That you ever did see
Response: That you ever did see

The tree in the hole and the hole in the ground

And the green grass grows all around and around
And the green grass grows all around.

And on that tree...
There was a limb...
The prettiest limb...
That you ever did see...

The limb on the tree, and the tree in the hole, and the hole in the ground

And the green grass grows all around and around
And the green grass grows all around.

(Each time the new part of the tree is added to the list)

And on that limb...There was a branch....

And on that branch... There was a nest...

And in that nest... There was an egg...

And on that egg... There was a bird...

And on that bird... There was a wing...

And on that wing... There was a feather...

And on that feather... There was a bug...

And on that bug... There was a germ... (the smelliest germ)
